Compressed Gas Safety Tip

Did you know that acetylene cylinders need to be stored and used in the vertical, valve-end-up position only. Using or storing the tank in any other position not only shortens the life of the gas, it can be extremely dangerous.

hilmor™ is now in stock at Torrco!

hilmor has revolutionized the HVAC/R world by creating tools that are a step ahead. From gauges to thermostats to thermocouple clamps, hilmor has retooled some of your important on-the-job necessities by adding the features you need and removing the ones you don't.

Quick-Engage Flare & Swage

Dual Redout Thermometer

4-Valve Aluminum Manifold

Compact Swage Tool

Electronic Gauge with Vacuum Sensor

Compact Bender
