## MegaPress System for Black Iron Pipe

Now approved for applications for natural gas and propane gas

Ridgid MegaPress 1/2"-2" Jaws & Rings Kit Special

**\$2425.00/ea**  
(part# 816379)

- Utilizing schedule 5 to schedule 40 black iron pipe
- Over 200 fittings available
- Sizes from 1/2 to 2 inches
- Secure water-tight and air-tight connections in 7 seconds
- Easy to use, flameless and environmentally friendly
- Used in Industrial, commercial and residential applications
- New installations and retrofit projects
- Requires no welding rods or cutting oils
- FM compliant for fire sprinkler applications
- ASME B31 compliant for pressure and boiler piping
- MegaPressG is CSA LC4 compliant for fuel gas and oil applications

The State of Connecticut has approved the new Viega MegaPress system for applications for natural gas and propane gas. This system eliminates the need to thread pipe for black steel pipe gas installations. MegaPress is for gas piping 1/2" through 2" with working pressures up to 125PSI. It also has a fitting for chilled water, compressed air, hydronics and low pressure steam under 15PSI.

Please contact your Torrcoco salesperson or Kyle Tasse of Viega for more information or for a copy of the letter from the State of Connecticut for carbon steel pip press connections for gas.
