- **CleanCurve™ Rim Design** - Unique rim design eliminates hidden, hard to reach surfaces where dirt and build-up hide.
- **VorMax™ Flushing Action** - Delivers a powerful jet of water that completely scrubs the bowl clean from top to bottom, eliminating everything in its path.
- **EverClean® Surface** - Toilet surface is over 2X smoother than ordinary toilets surfaces thus eliminating dirt from sticking and staining. Includes antimicrobial properties that inhibit the growth of stain and odor causing bacteria, mold and mildew on the surface.

## FloodMaster Water Heater Leak Detection Alarm / Shutoff Systems Model

#FM-094

- Will monitor and respond immediately to water leaks
- When a sensor comes in contact with as little as 1/16th of an inch of water (or any other conductive liquid), it will automatically sound an audible alarm and close the valve to shut down the water feed line, thus mitigating damage caused by an undetected water leak.
