

# reSource

Your source for all things plumbing, heating, piping and HVAC

## Comfort-Cire®

### VCD-SERIES HEAT PUMP

**1.5 to 5 Tons**

**Six models to choose from  
18,000 to 60,000 BTUH**

#### FEATURES

- Aluminum-alloy traditional fin-and-tube coil construction for maximum durability and corrosion resistance
- Efficient and quiet ECM blower motor
- Accepts traditional 24VAC thermostats
- Wired programmable control included
- Insulated construction provides less than 2% cabinet leakage
- Multi-position air handler

**COOLING**  
5°F (-30°C) – 122°F (50°C)

**HEATING**  
-22°F (-30°C) – 75°F (24°C)

### Turbo 200 Universal Run Capacitor with CPT® Terminal

- Have the right capacitor for the job every time
- The perfect solution for off hour emergency service calls
- For single and dual value usage
- Rust free all brass terminals
- 5 Year warranty
- Made in USA

## resideo

Resideo Leak Detection

Part #CHW3610W8001/U

### Resideo Braukmann L1 WiFi Water Leak and Freeze Detector

- Notices of leaks via the Resideo App.
- Alerts to leaks with LED lights and a 100 dBA alarm.
- Easily pairs with the new L5 WiFi Water Leak Shutoff Valve.
- Reset and reuse the device after a water leak.
- Includes a 5-ft cable that detects water along its entire length.

Part #VVS02Y

### Resideo Braukmann L5 WiFi Water Leak Shutoff Valve

- Will shut off the water supply automatically if a water leak is detected through the sensing cable or through one or more paired Resideo WiFi Water Leak and Freeze Detector(s).
- Control the Valve remotely through the Resideo App.
- Manual override to turn water on or off.
- Standard ball valve makes it easy for a licensed plumber to install.
- Includes a 5-ft cable that detects water along its entire length.

## navien

### NPF HYDRO-FURNACE

- Stainless steel heat exchanger and burner
- 97% AFUE
- Factory-supplied NG/LP conversion kit
- 2" 40 PVC, CPVC and polypropylene venting
- Available in 2 sizes: 60k (NPF700-060U3BH) & 100k BTU (NPF700-100U5CH)

## PolarPad™

HEAVY DUTY HVAC PADS

RUGGED, RELIABLE & IMPACT RESISTANT...

- Constructed from High Grade, Impact Resistant Polyethylene
- Textured Surfaces for Superior Traction
- Always Flat, Self-Leveling Design
- Reinforced Sidewalls & Wear Areas
- Resistant to Weather, Temperatures & UV
- Variety of Sizes Available
