ANDY McHUGH

HVAC Technical Products Leader

Andy has spent the last 14 years in residential HVAC Installation & Service and is a licensed technician. He has vast knowledge in residential applications including gas, warm air equipment, refrigeration, gas and vent piping, low voltage wiring, zoning systems, etc. Andy has excellent customer service skills from his time in HVAC service.

Andy works in conjunction with Scott Bamford and Nick Longo in the design and support areas of the division. Andy has gone through All LG Residential and Commercial training and is a field commissioning agent as well.

EJ PLAZA

Strategic Account Manager

EJ attended school for HVAC and also earned a business degree from UConn. He has been in the retail industry for over 10 years, in both sales and in management positions. His knowledge, attention to detail, and outgoing personality are the main reasons he is a valued member of the Torrco HVAC team.

EJ's role is to identify new and existing companies and assist them in streamlining their businesses to become more profitable and efficient. He has become a trusted member in the LG community and is well versed in all Residential and Commercial inverter business.

EJ is fully certified in all aspects of the LG world and is a trusted resource for Torrco HVAC.

CASSIE SANTORO

HVAC Dealer Program and Marketing Coordinator

Cassie has worked side by side with Torrco since 2017 and officially joined Torrco in 2020.

From customer service to pricing to website and data specialist to marketing. Cassie is well diverse in many departments within the company.

Cassie's responsibilities include handling the dealer program and keeping customers up to date with all training, events and important information.

SCOTT BAMFORD

HVAC Product Specialist

Scott has spent the past 37 years in the HVAC industry performing multiple roles as a S1 contractor, after serving 4 years in the U.S. Navy as a boiler technician working on 1200 psi steam plants. He became a service/installation technician for heating and cooling contractors for 32 years, Scott has installed and serviced oil systems, natural and LP gas systems, heat pumps, hydronic and steam systems, ductless splits and cooling systems up to 100 tons.

Scott has been a part of the Torrco HVAC team for almost 6 years and is a vital part of the business growth.

Scott offers top tier tech support in every aspect of the HVAC field and will not rest until a solution to a problem has been reached. His current responsibilities include application support, technical support, system design, heat losses and project management.

NIC LONGO

HVAC Field Support

Nic joined the Torrco HVAC team in early 2022. He has over 4 years of HVAC field experience and is a licensed technician.

Nic has a strong background in sheet metal installation and has grown with Torrco HVAC into a trusted LG field commissioning agent, technical support and designer.

Nic works with Andy McHugh as a field support, layout, and design technician.

ALAN LONGLEY

HVAC Inside Sales Person

Alan has been in the HVAC wholesale industry for over 30 years and been with Torrco since 2009.

During Alan's career, he has gained extensive knowledge of system design and application primarily for residential systems.

Alan's operations and customer service background will make him a valuable addition to the Torrco HVAC team.

JOSEPH LAWBUSZKO

HVAC Sales/ Engineer

Joseph has spent the last 26 years in the HVAC industry. The first 13 years as a service/installation technician and the last 13 years as an independent contractor. During his time in the field, he developed the skills and knowledge to work on and install residential and commercial systems including rooftop units, split systems, hydronic systems, ductless inverter systems, heat pump systems. He also learned to design and install VRF commercial projects.

Joseph has experience in fabrication of sheet metal and the knowledge to design both commercial and residential systems.

Joseph's responsibilities will include Commercial sales, system design, and being a go-to resource for all things related to LG and Commercial HVAC.

JOE PRISCSAK

HVAC Inside Sales Person/Branch Manager

Joe joined Torrco in 2006 and has spent nearly 30 years in the plumbing and HVAC wholesale industry.

Joe has spent his career honing his proficiency in customer service, operations and management. He has also learned numerous system applications whether it uses hot water or hot air.

Joe's responsibilities include quoting, system design and is currently the branch manager of our Amenia location.
